

## Erratum

**Kathryn N. Suh**

**Editor in Chief, International Journal of Infection Control**

The paper “Worldwide spatial and temporal distribution of tuberculosis (TB)”, published in Volume 12, Issue 3 of IJIC, has been withdrawn from publication and has been removed from the IJIC journal site. The previous IJIC citation should not be used in any future work as the paper is no longer available on the IJIC journal site.

Thank you. The Journal apologizes for any inconvenience this may have caused.
